NOTATIONS

Wheeler Place has been actively promoted and used since being brought under the administration of CPN. The Wheeler Place Management Plan fees and charges were not being charged as they were a significant disincentive to the space being activated. Most community based users are unable to pay anything at all. A simplified commercial only rate for Wheeler Place North has been retained for major conferences and displays. Administrative measures including a levying bond for damages, charging for service costs, security etc. shall be retained.

Additional fees for services such as provision of toilets, electricity, water, garbage removal, cleaning, supervision and sound monitoring will be charged on a cost plus 11% in line with CPN recovery rates.

For events with vehicles movements a bond may be required to cover the cost of repair to damage of Wheeler Place. The cost of any repairs and/or services provided will be deducted from the bond with the balance refunded.

Subsidies for local benevolent, charitable, educational, community and like events are to be in accordance with Council policy and by application to Community Assistance Program Coordinator.

In the event that no subsidy is available the CPN Manager has the discretion to authorise a fee reduction not exceeding 25% where an admission fee and not exceeding 50% where admission is free.
